

**ULSTER COUNTY RESOURCE RECOVERY AGENCY**

**RESOLUTION NO. 2610**

**RE: Approval of Cornerstone Engineering Proposal for Waste Management Strategies for Ulster County**

**WHEREAS**, the Ulster County Resource Recovery Agency (the “Agency”) is engaged in Solid Waste Management and Recycling in Ulster County, and

**WHEREAS**, the Ulster County Resource Recovery Agency (the “Agency”) requires the service of an experienced engineering firm to conduct a study regarding the potential for developing alternative waste management strategies for Ulster County, and

**WHEREAS**, the Agency Board has conducted a review and analysis of two firms supplying such professional engineering services to implement and develop said strategies as follows:

1. Review of the January 2022 HydroQuest Study to determine the extent of which we concur with the screening filters utilized and/or whether additional filters should have been reviewed.
2. Identify existing landfills within Ulster County and the potential for reclamation/redevelopment of one or more of these facilities.
3. Review and comment on the potential for implementation of a regional landfill facility, and

**WHEREAS**, it is the intention of the Agency to enter into an agreement with Cornerstone Engineering and Geology, PLLC, 100 Crystal Run Road, Suite 101, Middletown, New York 10941 to develop strategies as outlined above in accordance with the proposed letter attached hereto,

**NOW, THEREFORE, BE IT**

**RESOLVED**, that Ulster County Resource Recovery Agency does hereby authorize and approve the appointment of Cornerstone Engineering and Geology, PLLC, as the firm to develop such landfill strategies under the terms of the agreement attached, and it is

**FURTHER RESOLVED**, that this Resolution shall take effect immediately.
