Recycling Compliance Report

November 2026

- **I had the opportunity to visit most of the transfer stations and hand deliver the MRDC Informational Recycling Meeting flyer to the operators. While conducting these visits I was able to provide educational material and see if any additional resources were needed from the UCRRA.**
- **I received a tip that there was a roll off dumpster located in the Village of Saugerties that was filled with MSW and cardboard. I was able to contact the owner of the company, which is Dumpster Dave, who operates out of Athens. Dave placed the dumpster there not knowing it was going to be filled with those materials. He picked up the dumpster and brought it to the Kingston UCRRA location.**

- **I received a complaint that South Side Apartments in New Paltz did not have an adequate recycling plan established for tenants. I was able to**

obtain upper managements contact from the leasing office. I am awaiting a response.

- **I sent out the 2027 hauler applications on 10/30/2026 to all approved haulers from 2026.**
- **I conducted inspections at both the Ulster and New Paltz transfer stations. Since I have been conducting these inspections, I have noticed a trend of recycling contamination reduction. I will continue to conduct these inspections to continue to drive it down**
